7. Issuing answer books:

The Invigilator shall issue answer book to the students 10 minutes before the commencement of the examination, noting the serial number in the attendance sheet and obtaining their signature. The Invigilator shall instruct the students to make entries (Date of Examination, Reg. Number, Name of Examination, Session and Year of Examination, Question Paper Code, Signature, etc.) in the spaces provided on the facing sheet of the main answer book; and he himself shall sign in the space provided. He shall also instruct the students not to communicate with one another, enquire about the questions, use devices like scientific calculators/cell phones/i-pod etc. He shall further instruct the students to do rough work, if any, at the bottom of the answer book itself and not on any loose sheet or question paper.

If the pages of main answer book become insufficient for the students, additional answer book shall be supplied. The Reg. No. shall not be written on the additional answer book. Main answer book shall not be issued as additional answer book. **White twine only shall be used for tying/fastening the sheets.**

8. Distribution of Question Paper to the Students:

The Invigilator shall open the cover on hearing the bell **five minutes before** the commencement of the Examination and distribute it to the students ensuring the program / course, language and year of admission (scheme of Examination). It is to be particularly noted that **there can be courses / papers with the same title for different schemes / year of admission and therefore, care should be taken to avert mismatch.**

9. Absentee statement:

No student shall be admitted **after 30 minutes** of commencement of the exam. At the expiry of 30 minutes the Invigilator shall note the students present/absent and prepare the statement in duplicate in the format supplied by the university. On every examination for which there are students as per the Nominal Roll and the Question Paper Statement, a statement is to be given. If there was no student for an examination a NIL statement with “NIL” in the column of number of answer book is to be given. The original shall be forwarded to the university along with the answer scripts filing the duplicate at the centre. It should be noted that the **absentee statement is question**

paper code wise and not hall/room wise. It shall be the responsibility of the Chief Superintendent to consolidate the statements from all the rooms/halls and authenticate it.

A *Programme wise consolidated absentee statement* in the format supplied by the university is also to be prepared and forwarded to the university *at the close of the examination (ie. after each semester/session)*.

10. Disobedience / Malpractice:

Students found disobedient/troublesome or resorting to malpractice shall not be permitted to write the examination. Such cases shall be reported to the Controller of Examinations on the day itself together with the statement and the articles confiscated, if any.

11. Duration of the Examination:

Students shall stop writing at the time prescribed. However, if the examination happens to commence late for no fault of the students, the lost time shall be compensated for without impairing the confidentiality of the examination.

12. Leaving the Examination Hall early:

Students leaving the hall more than **30 minutes before the close of the examination shall surrender the Question Paper** to the Invigilator.

CLOSURE OF THE EXAMINATION

At the expiry of the time prescribed the students shall fasten/tie the answer scripts with the twine provided, write on the facing sheet the total number of additional answer books used, submit the answer script the invigilator and leave the hall. The invigilator shall collect them examination/programme/year-wise in the ascending order of the register numbers, sign just below the last answer (so as to avoid further entry later) and submit to the Chief Superintendent for verification with reference to the absentee statement and attendance-cum-answer book account.

13. Packing of Answer Scripts:

Answer scripts are to be packed in *one code-one pack* pattern. If a particular code (paper) has more than 200 scripts, it can be made into more packets limiting the number to 200 in each packet, and marking on the packet $1/n$, $2/n$, $3/n$, ... n/n , where 'n' denotes total number of packets in each question paper code. Further instructions on packing separately the Regular and

Supplementary/Improvements answer scripts will be given along with the Nominal Rolls of the examination concerned.

Answer scripts of the differently abled, suspected of malpractice etc. are to be packed separately.

All scripts are to be packed promptly in the presence of the Chief Superintendent, Additional Chief Superintendent and two invigilators so as to facilitate despatch/collection on the same day of the examination.

Answer book account/attendance sheet, declaration (of Question Paper opening) and absentee statement are to be packed together.

The following information shall be given on the answer script pack/bundle:

- a) Name of the Centre & centre code:
- b) Date of the Examination
- c) Name of Examination, Session and year of examination indicating (e.g. "Sixth semester BA Degree Examination, March 2015).

Sub: Conduct of Examinations – Settlement of advance/reimbursement of expenditure – guidelines issued – Reg.

Generally, the claims for conduct of examinations are sanctioned twice in an year, one for March session and the other for September session. It has been noted that the Principals of some aided/unaided colleges are submitting the bills for settlement of advances/reimbursement of examination expenses frequently. Bills are often submitted on semester basis. This creates unnecessary workload in the processing and payments of these claims. On a particular day, examinations from I Semester UG to IV Semester PG may be getting conducted in a college. If these claims are divided semester wise, year wise or class wise, the claims for Chief Superintendent, Office Superintendent, etc. will get multiplied resulting in excess payment. Hence, the following guidelines are issued for streamlining the settlement/reimbursement process.

1. The claims for reimbursement of expenditure/settlement of advance should be made only twice a year. One for March Session (March to August) and the other for September session (September to February). All the examinations conducted during these periods should be included in the respective sessions mentioned above. The Principal/Chief Superintendent, on completion of the examinations of the respective session, should submit the bills in one lot.
2. For theory examinations, the total number of students present for the FN or AN of a day is counted for calculating the remuneration for that session. This claim should not be split on the basis of semesters or years of the appearing students.
3. All the statements, claims of acquittances, bills for stationery purchase, etc. should be countersigned by the Chief Superintendent/the Principal.
4. The claims of reimbursement of examination expenditures or settlement bills should be presented in the prescribed proforma, a copy of which is attached herewith.
5. The settlement bills for which advance was drawn for conducting examinations should be submitted within one month from the last date of the examination of that session.
6. Claims for conduct of examinations, submitted otherwise, will be rejected without further notices.
